Comments to the author

Reviewer 1: Dear the authors

1. Originality: Does the paper contain new and significant information adequate to justify publication?: Yes, a new research on the in Job Satisfaction And It's Implication on Commisioner's Performance of General Election Commision (KPU) In West Java Province.
2. Relationship to Literature: Does the paper demonstrate an adequate understanding of the relevant literature in the field and cite an appropriate range of literature sources? Is any significant work ignored?: The review is quite relevant. However, I suggested by means of annotations that review of studies based on study should be clearer. The suitable of theory needed in this paper.
3. Methodology: Is the paper's argument built on an appropriate base of theory, concepts, or other ideas? Has the research or equivalent intellectual work on which the paper is based been well designed? Are the methods employed appropriate?: I observed some conflicts in the application of the empirical methodology.
4. Results: Are results presented clearly and analysed appropriately? Do the conclusions adequately tie together the other elements of the paper?: Results should be crosschecked in line with observations in 3 above and please add discussion part the describe the result before conclusion.

Sincerely
